

BAHRAIN / NEW YEAR'S EVE 2018

A DJ, Lady Coco, is performing at a nightclub. She is wearing a white tank top and has her hair pulled back. She is standing behind a DJ booth, which is equipped with a laptop, a mixer, and various controls. The background is filled with a large crowd of people dancing and socializing. The lighting is vibrant, with blue and purple beams of light illuminating the scene. The overall atmosphere is energetic and festive.

A MUSICAL LIFE BUILT FOR THE ROOM.

LADY
COCO

"Lady CoCo is an experienced, internationally seasoned open-format DJ known for choosing the right song for the right moment—and for a crowd-pleasing, eclectic ear."

Originally from Seattle, Washington, Lady CoCo began her DJ career in 2014 under the guidance of local and internationally known veteran DJ Supreme La Rock. Her beginning years were spent spinning only vinyl—developing technique, musical appreciation and the storytelling foundation behind her later successes.

In 2017, she launched her international career with a New Year's Eve performance at Cavallo Club in the Kingdom of Bahrain. At the start of 2018, she relocated to Bahrain as a resident DJ, holding residencies at several established venues. In 2019, she worked as a resident DJ and music curator in Qatar, followed by residencies in the Maldives in 2020 and 2021 and a special-guest appearance in Greece in 2022.

After returning to the United States in 2022, CoCo developed reputable Seattle residencies, evening concepts and brunches; built brand and corporate partnerships with Amazon, Microsoft, TikTok, Meta, Brown-Forman, Jack Daniel's and others; and performed at Capitol Hill Block Party. In 2023, she performed at Adidas Headquarters. Today, she is based in Tacoma and Seattle and available for West Coast and international destination bookings.

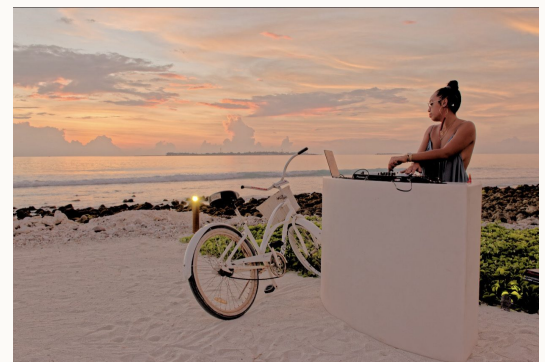

Having opened for Kid Ink, Tyga, O.T. Genasis, Young Thug and Keri Hilson, Lady CoCo defines versatility and open format through disco, funk, boogie, jazz, pop, R&B, hip-hop, rap, Afrobeats, reggae, house, alternative and beyond. Through continued growth and creative expression, she applies a worldly musical vocabulary to every room—building a memorable listening experience rather than a one-size-fits-all set. Music that moves, rooms that remember.
